The SAR is a historical, educational, and patriotic non-profit, United States 501(c)3, corporation that seeks to maintain and extend
* the institutions of American freedom
* an appreciation for true patriotism
* a respect for our national symbols
* the value of American citizenship
* the unifying force of e pluribus unum that has created, from the people of many nations, one nation and one people.

We do this by perpetuating the stories of patriotism, courage, sacrifice, tragedy, and triumph of the men who achieved the independence of the American people in the belief that these stories are universal ones of man’s eternal struggle against tyranny, relevant to all time, and will inspire and strengthen each succeeding generation as it too is called upon to defend our freedoms on the battlefield and in our public institutions.
Compatriots,

As your new FLSSAR President, I plan to serve faithfully enhancing and building on the accomplishments before by our Florida Society compatriots. Both Marjorie and I, look forward to visiting many of our Florida chapters throughout the year. We have a 30-minute program based on the famous 1851 painting of “George Washington Crossing the Delaware”. If you would like us to make this presentation, please let me know.

Our annual meeting in May went very well with the installation of new FLSSAR officers by President General David Sympson and the Ladies Auxiliary officers by his first lady Evelyn Sympson. As you know, the meetings always go well with much accomplished thanks to our devoted Secretary Kevin Yarnell and our dedicated compatriots. You might not know, that Kevin has accepted a higher calling as he goes off for four years of seminary to study to become a priest. We will all greatly miss him. Kevin—you did a great and worthy job as our Secretary. We appreciate you.

Compatriot Steve Williams has stepped in to take on the task as FLSSAR Secretary from Kevin. Steve, as many of you know, has been undergoing chemotherapy for several months for Leukemia and is on the road to recovery. Steve is also is doing a great job as our Editor of “The Florida Patriot” magazine – please continue to keep Steve in your thoughts, prayers and with cards during these difficult times. We know he will do well also as our new FLSSAR Secretary.

In July, I will attend SAR Congress in Winston-Salem, NC and looking forward to seeing many of you there also. We are excited that our State winner in the JROTC Essay Contest will receive the winning national award for her essay at the Monday Youth Luncheon during the Congress. Also attending will be our State Rumbaugh Oration winner as she enters into this very competitive youth contest with other State winners from around the country. Our winning State Americanism Poster, will also be judged at Congress. The Americanism Poster Contest hopes to encourage fourth and fifth graders to learn more about the gallant history of the people and events, which established this great country of ours.

As one final point, only 20% (325/1750) of our FLSSAR Compatriots have contributed toward our new Center for Advancing America’s Heritage. Are you a part of this group? This is a very worthy cause as we note in Florida, as well as elsewhere, that the value of cultural unity (assimilation) and Americanism are not taught nor questioned on FCAT tests. Moreover, textbooks may contain misleading historical information. The objective of the “Center” is to reach out nationwide to the public-at-large, particularly the youth, using the latest communication and multimedia techniques with upbeat an inspiring teachings about the value of American citizenship and civic education. The Center will be staffed by professionals and produce multimedia presentations for chapters, school and civic groups as well as thousands of conventioneers and tourists who flock along Louisville’s cultural corridor. Let us all pull together and see if we can double our Compatriot participa-
Recent action taken at the Annual Meeting was a vote to deliver *The Florida Patriot* electronically to all Florida Society members with an e-mail address. All society members without an e-mail address will continue to receive the magazine by USPS. Additionally, all new members with e-mail addresses will receive *The Florida Patriot* electronically. You will receive an e-mail from me with the subject line “SAR - The Florida Patriot” and contain a hyperlink to the web document location. You will click the link, go to the location and open *The Florida Patriot*. Members had expressed the need for a hardcopy to share with their doctor’s office or their local library. There will continue to be extra copies available at the BOM for members to take these copies for just those purposes. To change to hardcopy from electronic delivery, you must ‘OPT OUT’ by using the e-mail link in the delivery message you receive.

Why are we doing this, you ask? For many of our committees there is a recurring quest for more money to support their activities whether they are contests (Knight, Rumbaugh, JROTC, Eagle, and Americanism Poster) or other budget line items such as the President’s budget. The latter has received much debate and votes to increase that line item. At some point, we get to the robbing of Peter to pay Paul. Either that, or we look for means to decrease expenses. This is one of those Decrease Expenses areas that is relatively easy to do. And pain free, too. You will still get your issue. It will be something you can save and view in FULL COLOR. The pictures will be better, too.

Think long and hard before you OPT OUT.

Yours in Patriotism -

Steven Williams

During the American Revolution, the legal separation of the Thirteen Colonies from Great Britain occurred on July 2, 1776, when the Second Continental Congress voted to approve a resolution of independence that had been proposed in June by Richard Henry Lee of Virginia. After voting for independence, Congress turned its attention to the Declaration of Independence, a statement explaining this decision, which had been prepared by a Committee of Five, with Thomas Jefferson as its principal author. Congress debated and revised the Declaration, finally approving it on July 4. A day earlier, John Adams had written to his wife Abigail:

“The second day of July, 1776, will be the most memorable epoch in the history of America. I am apt to believe that it will be celebrated by succeeding generations as the great anniversary festival. It ought to be commemorated as the day of deliverance, by solemn acts of devotion to God Almighty. It ought to be solemnized with pomp and parade, with shows, games, sports, guns, bells, bonfires, and illuminations, from one end of this continent to the other, from this time forward forever more.”

Adams’s prediction was off by two days. From the outset, Americans celebrated independence on July 4, the date shown on the much-publicized Declaration of Independence, rather than on July 2, the date the resolution of independence was approved in a closed session of Congress.

Historians have long disputed whether Congress actually signed the Declaration of Independence on July 4, even though Thomas Jefferson, John Adams, and Benjamin Franklin all later wrote that they had signed it on that day. Most historians have concluded that the Declaration was signed nearly a month after its adoption, on August 2, 1776, and not on July 4 as is commonly believed.

In a remarkable coincidence, both John Adams and Thomas Jefferson, the only signers of the Declaration of Independence later to serve as Presidents of the United States, died on the same day: July 4, 1826, which was the 50th anniversary of the Declaration. Although not a signer of the Declaration of Independence, James Monroe, the Fifth President of the United States, died on July 4, 1831. Calvin Coolidge, the Thirtieth President, was born on July 4, 1872, and thus was the only President to be born on Independence Day.

**Unique or historical celebrations**

- Held since 1785, the Bristol Fourth of July Parade in Bristol, Rhode Island is the oldest continuous Independence Day celebration in the United States.
1. “When information which properly belongs to the public is systematically withheld by those in power, the people soon become ignorant of their own affairs, distrustful of those who manage them, and – eventually – incapable of determining their own destinies.”
2. “Who controls the present controls the past.”
3. “. . . One of history’s most fundamental lessons: people fear what they don’t understand – or what is different. That fear moves in tandem with the arrogant superiority that comes from the notion of possessing the exclusive “truth.” This volatile mixture of fearful ignorance and righteous certitude allows one group to demonize and dehumanize another. And once you have accomplished that, it is much easier to hang people as heretics, burn them at the stake – or in ovens – and fly jetliners into their buildings.”
4. “Labor is prior to, and independent of, capital. Capital is only the fruit of labor, and could never have existed if labor had not first existed. Labor is the superior of capital, and deserves much the higher consideration.”

Our first U.S. President was sworn into office April 30, 1789 with the oath of office administered by New York State Chancellor Robert R. Livingston. Musante qualified the Fort Myers Police Department for international accreditation by the Commission on Accreditation for Law Enforcement Agencies (CALEA) which is the benchmark for policing in the 21st Century. He gathered proofs of compliance for the 464 standards set forth in the credentialing program. A team of accreditation assessors recently visited and highly recommended CALEA grant accreditation as a direct result of Lt. Musante’s efforts. His leadership has facilitated the agency’s pursuit of professional excellence. He has demonstrated strong leadership and commitment to advancing law enforcement in the city of Fort Myers.

The week after the presentation, Chief Baker testified before the United States Congress about the necessity to keep illegals who have committed crimes in jail rather than

Each of the students gave a brief biography of the Founding Father they portrayed, then each of the Founding Fathers signed their name to a copy of the Declaration of Independence.

ing the activities of our Color Guard (now 12 members), who have participated in numerous activities and events in the Sarasota/Manatee Counties areas. Phil Tarpley is our Commander of CG and is assisted by Compatriots Larry Peck and Chuck Barrett.

January brought us our Eagle Scout Award luncheon and the winter BOM meeting, at which our candidate for the Rumbaugh Scholarship, Ms Braden Causey, won the state event.

February George Washington’s Birthday luncheon, with the 5 local chapters of the DAR, was an enormous success (137 attended). We presented 26 Wounded Warrior medals and certificates to deserving veterans of WWII, Korea and Vietnam. It was an exceptional day and received lots of publicity for the chapter and the SAR.

March was our Fire, Safety and EMT awards luncheon. We presented awards to firemen, emergency crews and others from Sarasota, North Port, Longboat Key and Manatee County.

April we honored our Law Enforcement personnel at lunch, giving medals to men and women from Bradenton Police, Longboat Key Police, Sarasota County Sheriff’s Office, North Port Police, Palmetto Police and Sarasota Police Departments. Manatee County Sheriff Steube nominated 3 deputies for Law Enforcement Hero Awards for saving an elderly couple from a house fire, going back into the flames and even rescuing the family cat. Our CG participated in History Day at our local Pine View School, where the 2025 students participated in reenacting the Continental Congress, Patriot speeches, and even the final battle at Yorktown. It was an uplifting experience for all of us who spent the day with these children.

In May, we honored the Best of the Best at the JROTC luncheon (Lt. Col. Staci Macias – who also won at FLSSAR BOM meeting), again inducting some 7 new members and preparing for our annual Memorial Day Parade down Main Street, Sarasota, along with the many local units of DAR, C.A.R., ROTC, American Legion vets, DAV, local military and high school students - one of the high points for our CG and members during the year. We presented a Flag Award to a local assisted living center and prepared for yet another Flag Award presentation.

We are very proud that 6 of our members have been elected to the BOM of FLSSAR, Phil Tarpley, Harold Crapo, Vic McMurry, Chuck Barrett, Carl Hoffman, and Frank Hodalski. At this meeting we received the streamer for Chapter Challenge and the first place award for publicity, the Earl Marlin Award.

June will bring us yet another Flag Award, to be presented at the joint DAR/SAR Flag Day luncheon. Along with this award, we will have given many community awards and participated in a major local event each month of this year. We are proud of our chapter members and their loyalty to the SAR. We received a CAAH award from National for participation in this worthy fundraising program. Our next meeting will be in September 14 (BOG) and the joint DAR/SAR Constitution Day luncheon on 9/17/11, with October 7th being our next chapter luncheon.

Jonathan Justice, son of Kent Justice, raised the alarm and directed Jimmy Partel, and Ryan Aponte toward his father and brother and went to obtain additional assistance. Partel and Aponte used skills learned at a surfing camp to pull the Justice father and son from the ocean by utilizing their surfboards.

The Medal for Heroism presentations by Mr. William Roberts, past chapter president, and Dr. Oscar Patterson III, current chapter president, on Monday May 9th were made to Jimmy Partel at a morning ceremony at Cathedral Parish School and Ryan Aponte at an afternoon ceremony at Sebastian Middle School. During the afternoon ceremony, Jonathan Justice received the Bronze Good Citizenship Medal. Jonathan is the son of Mr. & Mrs. Kent Justice. Justice is an anchorman for WJXT in Jacksonville and his son, Jacob, is a fifth grader in St. Johns County. In attendance at the afternoon ceremony was St. Johns County Commissioner, Mark Minor, and Chapter secretary, Sydney Spink.

The Medal for Heroism is presented to recognize outstanding bravery and self-sacrifice in the face of imminent danger which involves great personal courage and risk to the recipient. The Bronze Good Citizenship Medal recognizes persons whose achievements are noteworthy in their school, community or state.

details of his deployments and assignments and some remarks on the emotional toll of war, particularly as it applied to younger soldiers. Brooke Wade, winner of the Knight Essay Contest, addressed the chapter.

Also at the May meeting, Kevin Yarnell was presented with a monetary gift from the members to aid in his expenses at seminary as he pursues his calling to become a Catholic Priest. Compatriots Bob Yarnell and Jack Bolen spoke of Kevin’s work for the chapter dating back to 1994. In accepting the gift, Kevin offered his sincere thanks and appreciation for the remarks and generous gift. Kevin will be greatly missed by both the Tampa Chapter and the Florida Society, where he has performed the duties of Secretary for many years.

**William Dunaway Chapter**

A program sponsored by the William Dunaway Chapter in Marianna, was presented by retired Army First Sergeant Lonnie Segers, Instructor, and student Cadets of the Chipley High School JROTC. A very informative program on the advantages of such a program in the school system was demonstrated to members of Jackson County Superintendent of schools, Mr. Lee Miller, Deputy Superintendent, Mr. Larry Moore and Jackson County School Board member, Ms Charlotte Gardner at a meeting held at Jim’s Buffet and Grill in Marianna, on Thursday, 3 March 2011.

A follow-up program presented to members and guests of the William Dunaway Chapter on Thursday, 7 April 2011 was presented by Mr. John Dunaway of Panama City who was a member of such a program once offered at Marianna High School several years ago. Mr. Dunaway presented pictures taken from his Year Book showing three companies of students, male and female, making up the class. Mr. Dunaway stressed that learning, confidence, reliability and self esteem are very important traits taught in a program such as the JROTC.

The William Dunaway Chapter presented these programs in an effort to encourage the reestablishment of a JROTC program in Jackson County.

**Withlacoochee Chapter**

The Withlacoochee Chapter had a number of Firsts as we completed our SAR Year.

Our Eagle Scout Recipient, Anthony Pacchiarotti, moved on to State for recognition and the Chapter finalized and is ready to print the Scouting Triplet Award Certificates for use throughout the State. Additionally, a number of presentations to Scout Troops on both the Triplet and SAR Eagle Scholarship Programs were completed.

On President’s Day the Chapter Color Guard and other Members joined the DAR at the Inverness, FL, Library to present “The Colors” and provide the voices of colonial contributions to the various skits performed by the DAR and other cast members.

We reached a new record with the receipt of 163, 5th Grade posters for our “Battle of Cowpens” 2011 Poster Contest. Since November, as the entry numbers grew the excitement and anticipation by chapter members grew as well.

The Chapter’s first ever Bronze Good Citizenship Medal was presented to NSCC Petty Officer Second Class Devon McAvay in recognition of her dedication as Assistant Leading Petty Officer, Manatee Division, Sea Scouts.

Flag Certificates were presented to Chick-fil-A of Brooksville, FL, and to Ms Linda Downey, a single mom with two sons on active duty (both Navy Seals) who owns a sandwich shop in Crystal River and flies patriotic and military service flags on the roof of her business.

May completed the Chapter year with an Annual Banquet which included: swearing-in of new Officers; Certificate and Award to our 1st Place Elementary Schools Poster Contest Winner; and the presentation of two JROTC Scholarships to the top Cadet in Hernando and Citrus Counties.
Independence Day from page 4

- Since 1912, the Rebild Society, a Danish-American friendship organization, has held a July 4th weekend festival that serves as a homecoming for Danish-Americans in the Rebild section of Denmark.
- Since 1916, Nathan’s Hot Dog Eating Contest in Coney Island, Brooklyn, New York City supposedly started as a way to settle a dispute among four immigrants as to who was the most patriotic.
- Since 1959, the International Freedom Festival is jointly held in Detroit, Michigan and Windsor, Ontario during the last week of June each year as a mutual celebration of Independence Day and Canada Day (July 1). It culminates in a large fireworks display over the Detroit River.
- The famous Macy’s fireworks display usually held over the East River in New York City has been televised nationwide on NBC since 1976. In 2009, the fireworks display was returned to the Hudson River for the first time since 2000 to commemorate the 400th anniversary of Henry Hudson’s exploration of that river.
- The Boston Pops Orchestra has hosted a music and fireworks show over the Charles River Esplanade called the “Boston Pops Fireworks Spectacular” annually since 1973. The event was broadcast nationally from 1987 until 2002 on the A&E Network, and has aired since 2003 on CBS.
- On the Capitol lawn in Washington, D.C., “A Capitol Fourth,” a free concert, precedes the fireworks and attracts over half a million people annually.

Baby steps

Steve Williams, FLSSAR Secretary

It can be daunting in taking over from someone who has done a particular job for so long that everything about the job has become second nature to them. Such is the case for me taking over the State Secretary’s job. While the responsibilities are many, I must keep myself from being overwhelmed by the multitude of tasks needing action. Kevin has done a superb job in providing a set of procedures which cover the various tasks: what to do, how to do it, who to send something to, and for National for color paper to print it on. Yep, special colored paper.

As the heading suggests, I need to keep focused on taking baby steps until I become as familiar with the processes (I hope!) as Kevin. Taking things one at a time and not rushing – but taking the time to do them right. It’s easier to learn to do a task the right way than to unlearn a wrong way and then learn the correct way. It’s certainly less confusing.

So my request to all who will be sending me requests or updates is to be patient. I’ll be reading Kevin’s instructions for your request to make sure I cross my I’s and dot the T’s. I’ll try to get you an answer within 48 hours barring an avalanche of requests/updates.
F or the last couple of years, Kevin Yarnell has talked about the publishing of the BOM Proceedings: the timetable for receiving content, the delivery to the BOM, and the cost of publishing should his school begin to charge for his printing the Proceedings. In the current economic atmosphere, we should be pro-active in husbanding our budget resources. This breakdown is to inform our compatriots of the cost of providing this product and what some options might be. The Proceedings for the BOMs are sent to all BOM registrants (with an e-mail address) electronically for their review before and after the BOM.

Well, it has come to pass that the days of gratis printing are over. The proceedings will have to be printed at a Staples or Office Depot. Previous Proceedings have run from 35 to 57 pages. At Office Depot - To print a 43 page (double-sided), black/white, no color cover, Proceedings is $2.58 per copy. For 40 copies, the total is $103.20. At Staples - To print a 43 page (double-sided), black/white, no color cover, Proceedings is $3.42 per copy. For 40 copies, the total is $137.00.

What are the options? We can absorb the $103.20 - $137.00 expense into the BOM budget. Or, have those compatriots who need a hardcopy add the cost to their registration form. For those chapters that archive a hardcopy for their records, they might print out a copy for that purpose.

Other organizations for meetings, conferences, seminars, symposia, etc typically charge attendees for hardcopies of Proceedings.
The Board of Management of the Florida Society of the Sons of the American Revolution (FLSSAR) held its spring meeting in the Ramada Gateway Hotel, Kissimmee, Florida May 13-14, 2011. President Gerry Meeks presided.

President Meeks called the meeting to order at 3 p.m. May 13. The invocation was offered by Chaplain Randy Moody, followed by the Pledge of Allegiance, the Pledge to the SAR and recitation of the American Creed. Officers of the National Society of the SAR were introduced and invited to speak. Compatriot Phillip B. Carr, National Trustee from Florida, reported that he was unable to attend the March Leadership Meeting but that Compatriot Lindsey Brock would report on Registrar status and concerns. Past Presidents General Rowland Downing and Carl Hoffman were recognized.

The minutes of the winter 2011 meeting were approved by voice vote. FLSSAR officers and committee chairs presented their reports as contained in the reports booklet. President Meeks interrupted the presentation to recognize NSSAR President General J. David Sympson (who has just arrived); Compatriot Sympson deferred his remarks until later, and the Officers’ reports continued. Chaplain Moody announced that the Memorial Service is scheduled for 9 a.m. May 14 and encouraged attendance. Compatriot Hall Riediger, Finance Committee Chair, described the Florida-provided solicitation form which will be shared when available with Chapters which must be used when soliciting funds. Compatriot Downing was invited to speak when the Advancing America’s Heritage report was presented, but he deferred until the Annual Meeting May 14. Compatriot Yarnell noted that the Florida Society may have about 30 delegates to the NSSAR Congress, and 10 are presently registered – interested members should contact Charles Riegle who is assuming credentialing responsibilities. Compatriot Lindsey Brock III noted the use of CAR and SAR Junior Members as aides at the 2011 NSSAR Congress. Compatriot Frank X. Hodalski reported successful and appreciated participation in the History Fair and thanked the Tallahassee Chapter for their efforts. Compatriots Moody and Meeks urged members at the NSSAR Congress to attend the contest in July.

Compatriot Hodalski urged participation in the Support the Troops activity, and several members reported verbally on local efforts.

Trust Funds reports were presented and discussed by Compatriot Ted Duay III. He responded to a question about rings purchased by NSSAR in 2010 with museum funds for sale to Presidents General (10 rings at a cost of about $16,000) – should investment funds be used to place these in inventory?

President Meeks asked for unfinished or new business. Compatriot Richard E. Friberg appealed for World War II veteran members to register with the SAR World War II Corps. They will be awarded a certificate of appreciation for this service. He offered sign-up forms.

Compatriot Sympson supported the appeal, and offered extended remarks on the status of several other NSSAR programs. He stressed the need for more genealogists to review applications, and the need to streamline the process. He has offered steps to improve the process including better technology and an additional staff person. The backlog of applications is diminishing. One reason for the backlog was the large number submitted to beat the increase in fees. There have been delays in getting telephone numbers moved and in setting up in the new location. Too many applications are received “not review ready” and have spent extra time to fill in the gaps – something we perhaps should not continue. Genealogical standards are being codified.

Compatriot Sympson urged more persistent recruiting efforts. We are staying nearly even – those who join are replacing those who “drop out” – we need to gain more applicants! A retention committee is working on a strategy. We need to involve members during their first two years in the Chapter – most drop-out occurs in the third year. There will be a web site to highlight retention. He noted that $180,000 has been donated to refurnish the facade of the Center. He stated that the NSSAR store has new staff and is providing better service. The security issue with credit card use has been resolved.

Several members discussed the need for adjustment of the date application approval causes the dues

I f it meant money, New York was the place to be! England had the goose that laid the golden egg, and if you twisted its neck a little, it would lay a few more. That seemed to be the attitude of the English Parliament.

Slowly, those sparks of Revolution became a fire, and as it roared, war was on the horizon.

Driven from Boston, The British prepared to attack New York. Their sole aim appeared to be the possession of New York City and the Hudson River, making them the basis of military operations. Lord Howe appeared on the coast of Staten Island with what has been described as a ‘forest of men-of-war and transports’ bearing 30,000 men – Hessians, British, and Waldeckers. From July 1 through August 22, 1776, the fleet grew and the American troops were digging in along the shores.

On the British side were 40,000 well-equipped soldiers, plenty of artillery and the knowledge that they had amassed the world’s strongest army. On the American side, between 17,000 and 18,000 men stretched across Westchester, the Bronx, Queens, Brooklyn, and Manhattan. At any given moment, 4,000 of those troops were either sick, returning to their homes, or had no muskets to fight with. In addition, the population of Brooklyn, Queens, and Staten Island was evenly divided in loyalty. Those who were loyal to the British carried pieces of red material to tie around their arms, and were nicknamed “red rag men.”

Those on Staten Island siding with Washington were spying on the British and bringing the information over in small boats after the sun had set. Everyone knew there was to be a battle, and everyone was doing their part. One British officer penned the following note home: “We are now in expectation of attacking the fellows very soon, and if I may be allowed to judge, there never was an army in better spirits or in better health.”

On the morning of August 22, 1776, the English began moving across the Narrows, and by mid-morning, 4,000 troops and 40 cannons had been positioned at Denyse Ferry Warf. Another landing was made at Gravesend and by noon, between 15,000 and 20,000 troops were prepared to fight. More troops came on the 27th at Canarsie landing. It was decided that Clinton would move up to Jamaica Pass from Canarsie and outflank Washington’s men on the left.

And so it began: On August 27, 1776, the first major battle of the American Revolution was about to be fought right in Brooklyn. Thousands of British marched up 3rd Avenue to 36th Street. The hills of Green-Wood (cemetery) to their right, the water to their left. In front of them was General Stirling and a few hundred untried troops.

The British held to their regular battle formation, forming long red lines of targets. The Americans hid behind trees, structures, or anything that could protect them from the volleys being fired at them. At the same time, a battle was taking place on Prospect Heights, and Clinton was pushing his men along Jamaica Pass. Just before noon, a full-fledged attack was made on all fronts and, as planned, Clinton caught Washington by surprise on the left flank. The American ranks had broken and the British
were in command.

Howe halted the attack by late afternoon and regrouped his men at the southern end of Prospect Park. Washington and his men were at the northern end. Luck and Mother Nature were on Washington’s side. That night it began to rain, and a wet ‘flint-lock’ musket cannot fire. On the 28th, a thick fog and very heavy mist kept the guns quiet throughout the day. That night, under cover of darkness, Washington slowly moved his rag-tag men out of their encampment. With the help of patriots, the entire army was floated over to Manhattan and then to the shores of New Jersey. It is reported that although he was repeatedly urged to leave, Washington refused to get into a boat until the last man was safe. This retreat, and the moving of thousands of men in silence and darkness, has been praised by historians, but was the butt of many a joke at the time.

The war raged on for seven long years and it is interesting to note that the English left the way they started, from Denyse Ferry Landing to the waiting ships off the shores of Staten Island. Although there is no official record of the last shot fired, many believe it was from the shores of Staten Island.

So. How well did you do?

SKU# and find it on the store website. One of the biggest new benefits of the “new” store is the use of a single set of login credentials. If you have a user account on www.sar.org, you can (and should) use that to login at the store at check out. You will no longer have to remember a separate set of login credentials for the 2 different websites http://store.sar.org and www.sar.org. If you did have a set of login credentials for the old store site (prior to March 2011) those will no longer function, and you should “throw them out”.

Please take the time to stop by the new store (http://store.sar.org), and browse around. Please let your local State Society and Chapter members know that the online store is back in Business. You can once again use your credit cards for purchases. If you have any issues, comments or questions please feel free to contact the Webmaster (sarwebmaster@sar.org).

to be for the succeeding year. Some wondered whether a pro-rating system should be used, rather than a November 1 cut-off date.

President Meeks stated that the meeting will be in recess until May 14. Members then stood and recited the SAR Recessional, followed by a benediction offered by Chaplain Moody.

President Meeks called the reconvened meeting to order at 2 p.m. May 14. The invocation was offered by Chaplain Randy Moody, followed by the Pledge of Allegiance, the Pledge to the SAR and recitation of the American Creed.

President Meeks then recognized for reports any chairman who was not present at the Friday session. Compatriot Steve Williams reported on the cost of printing and mailing the Society magazine. He moved the recommendation in his report as editor, that members with email addresses receive the magazine electronically rather than by postal mail, except where they specifically request a “hard copy.” The motion received a second. After extensive discussion, the motion failed on a show of hands vote.

President Meeks called up the matters pertaining to the NSSAR referred to BOM for action by the Executive Board. Discussion followed. The recommendations were seconded and received a strong affirmative vote.

Compatriot Yarnell then presented Executive Board recommendation that the request by the Saramantha Chapter for BOM authorization of one-time consideration by the Endowment Trust Fund of reimbursement of its extraordinary expenses be approved. There was extensive discussion. Compatriot Carl Hoffman moved a substitute motion - that the matter be referred to the BOM at its August, 2011 meeting; this motion was seconded. Compatriot Frank Hodalski explained the Saramantha Chapter request, now a motion before the meeting, noting that the motion would authorize the Endowment Trust Fund to consider the request for this single reimbursement in excess of its $350 per request rule, and would not require approval by the Fund. There was extensive discussion of parliamentary procedure and of the substitute motion. Compatriot Hodalski advised the President to rule out of order an amendment which had been offered concerning use of general Society funds to respond to the Saramantha Chapter request. The President so ruled. Compatriot Hoffman and his second withdrew the substitute motion, so that the main motion – the recommendation of the Executive Board – again came before the BOM. The motion was adopted by a more than two to one vote, with all members of the Trust Fund abstaining. Compatriot Albert Myers asked if the Trustees had the legal authority to act on the Saramantha Chapter request since it violates the Trust rules. The Trust Fund chairman opined that this would require careful consideration.

Formal business having been concluded, the immediate past President of the Naples Chapter requested opportunity to address the BOM. He spoke fervently on the theme of patriotism, calling for education of the meaning of “republic.” He moved that the definition of “republic” be placed at the head of the page immediately inside the book of reports for each BOM meeting. His motion was seconded and adopted without opposition.

Compatriot Yarnell asked that those entitled to vote at the Annual Meeting, due to convene shortly, sign in with him upon adjournment and receive a ballot for voting on the proposed By-Law amendments.

Compatriot Myers asked that the BOM meeting schedule avoid the “love bug” season. April or late

Sons of the American Revolution Foundation
Center for Advancing America's Heritage Campaign for New Generations
P. O. Box 1776 • Louisville, KY 40201-1776
The Sons of the American Revolution is an historical, educational and patriotic organization formed in 1889 to preserve the stories of our patriot ancestors’ struggle against tyranny and the principles upon which our country was founded. The SAR has over 28,000 members today, all of whom trace their ancestry to the Revolutionary War era. The SAR’s national headquarters are in Louisville, KY.

The SAR seeks to help fill the ever-increasing gap in history and civics education within our school systems through its newly formed The Center for Advancing America’s Heritage. Since the 1960’s the American education system has consistently reduced the amount of time spent on social studies and history in the classroom. This trend affects our ability to teach our children the stories of our past to better understand the issues of today. The Center will provide educational programs to school children from local and surrounding school systems through permanent and traveling exhibits and in outreach education programs distributed to SAR Chapters across the country.

The Center will provide expanded space for permanent and traveling exhibits, speakers, workshops, summer camps and school programs, plus improved conditions for its internationally acclaimed genealogical library as well as more efficient space for administrative and programming offices.

To further its goal of expanded services, The SAR has purchased an historic 1840’s era building on Louisville’s West Main Street, a Cultural District known for its second largest collection of iron-front façade buildings in the country (second only to SoHo in New York). Plans to renovate and furnish the 40,000 square foot historic site include an open gallery atrium and inviting reception area. The SAR National Headquarters will be located on the second floor. The Genealogical Library will be a significant part of the west wing and a rooftop garden will overlook the majestic Ohio River.

Along with the general public and school groups, key users are expected to be scholars, historians, authors, teachers, students, families and individuals who are interested in researching and learning more about our country’s beginnings and the principles upon which it was founded.

To fund The Center’s renovation, SAR members, private foundations, corporations, businesses, local, state and federal grants, community leadership and the public-at-large will all be invited to participate in ADVANCE: Campaign for New Generations.

To help fund The Center’s operations while making The Center as accessible and affordable for the public as possible, a market based general admission fee will be considered. Additional fees for traveling exhibits and special programming may be assessed. The genealogical library is free to SAR members and some affinity organizations with a nominal research fee for others. In addition, income will be derived from The Center’s full range of activities including a café, gift shop, rental fees and fees for special programs. An endowment fund will be established and ongoing fundraising will be conducted.

Based upon traffic generated along Louisville’s historic West Main Street and the activity generated at other attractions located along that corridor, it is projected that The Center could attract as many as 100,000 visitors in its first full year.

There are no other cultural attractions like The Center for Advancing America’s Heritage near Louisville, KY. The location for The Center is easily accessible by three major interstates, 71, 65 and 64, and sits within a day’s drive of more than half the population of the United States. This new Center will add another jewel to Louisville’s tourism crown and strengthen the economic development of the downtown cultural district.

The Center’s construction schedule is dependent on available and pledged funds. The projected schedule has the building ready for occupation as early as the first of 2011. The hours of operation are still to be determined, but will certainly be compatible with other activity and traffic along the West Main Street corridor.
May might do this for the spring meeting. President Meeks said, “I turn this over to the new administration.” Laughter ensued.

Compatriot Hodalski asked that the President receive a standing ovation for his service to the Society. This occurred with enthusiasm. President Meeks then asked for and received a motion to adjourned, which was supported and approved. The Recessional and Benediction followed, and the spring meeting of BOM adjourned.

The annual meeting of the Florida Society of the Sons of the American Revolution convened Saturday, May 14, 2011 in the Ramada Hotel Gateway, Kissimmee, Florida. President Meeks called the meeting to order. He recognized dignitaries and asked first time attendees to self-introduce. Secretary Yarnell stated that a quorum was present. The Minutes of the January, 2011 meeting were approved by acclamation. The proposed changes to the Society By-Laws were read. Following discussion, members marked provided paper ballots voting on the proposals. President Meeks appointed tellers who collected the ballots and retired to count the votes.

The 2011 NSSAR Congress planning chair was introduced and spoke of the opportunities and benefits of participating in the Congress in Winston-Salem, NC. Others make comments.

President Meeks asked for the Nominating Committee’s report. The nominations were read and the nominees were elected by acclamation.

President Meeks called for reports which were “skipped over” previously. Compatriot Ben DuBose reported on the Cape Canaveral event in March and thanked Chapters which participated.

The tellers returned and reported the votes, proposal by proposal. Each was adopted by large majorities, although there were scattered negative votes and abstentions. President Meeks declared the proposed By-Laws changes adopted and thanked the tellers.

President Meeks invited Compatriot Roland Downing to speak about the Center for Advancing American Heritage; he described the history of the Center and its importance, current status and need for further support. He responded to questions following his remarks. President General Simpson also spoke about the Center. There was extended discussion concerning citizenship and public school education of American history. Compatriot Ron Toops spoke of his advocacy within the system for expanded coverage of American history in the curriculum.

President Meeks requested nominations for NSSAR Trustee and Alternate Trustee. President Meeks was nominated Trustee and Compatriot Phil Carr Alternate Trustee. There were no other nominations. They were declared elected.

Peace Officers Memorial Day was announced (May 15) with urging to observe it.

There was discussion about the proposal that former Presidents Generals Roland Downing and Carl Hoffman be nominated Trustees as Florida residents. It was resolved that they be nominated for election at the NSSAR Congress.

President Meeks invited all officers, including those newly elected, and wives, for breakfast at 8:30 a.m. May 15. He thanked those who provided assistance to him during his presidency. Chaplain Moody then closed the meeting with a prayer.

Compatriots, do we have your attention? In the coming months you should be receiving a dues notice from your chapter for your 2012 dues for National, State, and Chapter dues. If you don’t receive a notice, contact your chapter secretary or treasurer.

Why is this important? Each chapter is required to submit by December an annual report to the state secretary listing the dues status of all members (paid/dropped) along with a check for their members’ dues. All chapter Annual Reports must be submitted to the state secretary on time to ensure that the state’s Annual Report is complete and accurate and to allow time to resolve any dues issues. The state Annual Report is due to National in January. Any chapter not paying their members’ dues will cause this consequence - all chapter members will be dropped from national membership. Reinstatements will not be processed by National until their annual reconciliation is complete - this year that was May. We cannot afford to have you dropped for lack of dues payment.
The Patriot Medal is awarded only by a state society. It is the highest award given for service at the state or chapter level. This medal is presented only to individuals and may be received ONLY once. It represents long, faithful and outstanding service at the state and/or chapter level. Service at the national level cannot be considered in making the award.

The Florida Society awarded the first Patriot Medal in 1964 to a member of the Jacksonville Chapter: Philip Coleman. In 1965, Jack Coleman became the second Florida Patriot Medal recipient. During the first five years, only four awards were made. In 1970, President General-to-be Carl Hoffman became the sixth Patriot of the Florida Society. In nearly a half-century, a total of one hundred sixty-nine awards have been made.

The medal is sterling silver and bears the portrait of Compatriot General of the Army Douglas MacArthur. The design for the medal was selected by Compatriot MacArthur. He received the first medal, presented posthumously at his tomb in Norfolk, Virginia, on October 19, 1964, where it is on permanent display. State societies with 500 to 1000 members may present two medals each calendar year. State societies with over 1000 members may present one medal for each 500 members.

The following Florida Society compatriots received the Patriot Medal at the Spring and Annual Meeting in May 14, 2011: Steven Williams, Nelson Jantzen, and Philip Tarpley.

The Meritorious Service Medal, authorized in 1980, may be awarded to SAR members who have rendered long, faithful and meritorious service to their chapter, state society, district, or to the National Society. This medal may be awarded by the National Society, a district, a state society, or a chapter and is awarded for lesser services than would merit the Patriot Medal. It may be awarded to an individual once by the National Society, a district, a state society or a chapter.

President Gerry Meeks Awarded three Meritorious Service Medals to the following Florida Compatriots at the Spring BOM & Annual Meeting on May 13, 2011: Rev Dr Randy Moody, Chaplain; Hall Riediger, Treasurer; and Steve Williams, Editor.

The Choctawhatchee Bay Chapter, National Society Daughters of The American Revolution recently presented Florida Society Compatriot Martin Burdick, Col, USAF (Ret), with the NSDAR Historical Preservation Recognition Award. Compatriot Burdick performed a key role in the preservation of the remains of the historic Bradford-Perley house near Littleton, Colorado, and was instrumental in getting the structure placed on the Colorado State Historical Register.

This Western Frontier site was once the home of Major R.B. Bradford, who constructed the building near

### A Note from the President General

"Gerry, Evelyn and I wish to express our gratitude for the hospitality extended during the Florida Society Annual Meeting. Thank you for the thoughtful gift, the book will be a valuable reference source. I have already enjoyed browsing through its information.

Please relay our regards to all our FSSAR friends. Many thanks for your friendship, David (David Simpson, President General, NSSAR)"
the minefields southwest of Denver in 1859 and owned it until his death in 1876. After a succession of owners, the house was eventually purchased by Mr. John Shaffer, owner of the Rocky Mountain News. Shaffer named the area the Ken Caryl Ranch and used the old house for parties and for storage, entertaining such notables as President William Howard Taft, President Theodore Roosevelt, Will Rogers and others. Once used for the recruitment of troops for the Civil War, it was mainly used as a private residence throughout the years. The eighteen inches thick walls of the house were constructed of huge cut stones. In the 1960’s the wooden part of the house burned, leaving only the stone walls.

Compatriot Burdick, who is now a Florida resident and member of the Emerald Coast Chapter, moved to the Ken Caryl Ranch (currently a residential area), Littleton, Colorado. Seeing a need for preserving the historic Bradford-Perley house, he reorganized the inactive Ken Caryl Ranch Historical Committee in 1994. He worked with the Colorado State Historical Preservation Office, learning the state requirements for preservation of historical structures, taking classes on grant writing and eventually helped prepare the grant requests for funds to preserve the house.

As money for preservation projects became available from a variety of sources, Martin worked with contractors and architects and also with Colorado School of Mines and Metro State College professors who provided many student hours of work on drainage and other preservation projects.

The culmination of Col. Burdick’s efforts came when he prepared and submitted a request to place the building on the Colorado State Historical Register. His request was approved and the preservation project became qualified for matching State Historical Preservation Fund grants.

Thanks to the good work by Col. Burdick, this historic site is now preserved for future generations and is available for many tours throughout the year.

‘discovered’ but instead Settled by Europeans (Natives were already here). ‘Discovery’ means that no one else knew of it. This is hardly the case because the continent was already populated.

Furthermore, Europeans had long known of this continent. English and Dutch fishing boats plied the coast for decades and had many interactions with the native population.

These bits of American history are examples of the information that will upset many applecarts of American Historical legends. Get it and be amazed by our real history.
